TO WHOM IT MAY CONCERN

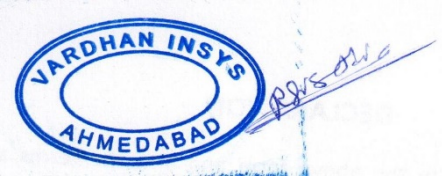

This is to certify that **KAPIL SACHAN**, **JEET CHAUHAN**, and **SOLANKI NAITIK**, students of **LD College of Engineering**, have successfully completed their project titled **"Complaint Management System"** in the domain of web application development from **16/12/2024** to **28/04/2025** (Total number of weeks: 19 weeks) under the guidance of **Prof. Bakul Panchal**, Faculty Member at **IT Department**, LD College of Engineering.

During the project, the students were actively involved in the complete Software Development Life Cycle including requirement analysis, system design, frontend and backend development, database structuring, testing, deployment, and documentation. The system was developed using the **MERN stack** (MongoDB, Express.js, React.js, Node.js), and hosted on a live server, ensuring accessibility, scalability, and real-time availability for users.

They followed the **Agile methodology**, collaborated efficiently within the team, and contributed innovative ideas and practical solutions to enhance the functionality and user experience of the system. The system features user role management, complaint tracking, automated token generation, and data exports in PDF/Excel formats.

The team demonstrated excellent technical skills, problem-solving abilities, and professionalism throughout the project period. Their dedication and eagerness to learn made them valuable contributors to the successful delivery of the project.

We wish **KAPIL SACHAN**, **JEET CHAUHAN**, and **SOLANKI NAITIK** great success in their future endeavours and believe they will be valuable assets to any organization they join
